The amendments are to be considered in the order and manner specified and may be offered only by the Member designated in the report. All of the amendments in Part I of the report are debatable for 10 minutes each, except the Dickinson en bloc amendment which is debatable for 20 minutes. All points of order against amendments printed in the report are

waived. The amendments are not subject to amendment, except as specified, nor to a demand for a division of the question in the House or the Committee of the Whole. Any period of general debate specified in the rule is to be equally divided between the chairman and ranking minority member of the Armed Services Committee, unless otherwise specified.

When the Committee of the Whole considers H.R. 4739 pursuant to this rule, it will be in order to consider amendments printed in Part I of the report as follows:

(1) To debate the subject of base closures for 40 minutes, then consider two amendments: (a) Rep. Martin of Illinois and (b) Rep. Aspin of Wisconsin. After the first vote in the series, the Chair may reduce to a minimum of five minutes the time in which each of the other recorded votes is taken.

Chairman Aspin may request the Chair to consider amendment groups in a different order than prescribed in this or the initial rule for H.R. 4739.
